AND TRAILER PRODUCTS**

TUFF STUFF

Ridgeback Products Incorporated provides industry standard manufactured products for a variety of industrial segments with an emphasis on RESCUE VEHICLES, DUMP, CARGO and FLATBED TRAILER PARTS, MARINE, TENT AND TARP ACCESSORIES, and INDUSTRIAL CASTERS.

These include Cargo Control equipment, stainless steel and aluminum marine components, emergency vehicle components, LED lighting products for RV's, off road and general lighting, Heavy duty and high quality casters, trailer jacks from 1,000lbs to 50,000lbs and many other items that you will find with Ridgeback Products.

We pride ourselves in our manufacturing and quality control capabilities. The key is to start with only quality tested materials to ensure our products exceed customer's expectations.

We ensure our products EXCEED standard safety factor every time. We also provide custom and semi-custom solutions for manufacturers looking to source proprietary and non-standard products and components made from ALUMINUM, STEEL, STAINLESS STEEL, and PLASTICS.
